

Day Care and Child Care Options

Brigham and Women's Hospital is committed to excellence and recognizes the importance of staff and employees balancing the ever-increasing demands of work and family life. One way to support that balance is through the Office for Women's Careers, a member office of the Center for Faculty Development & Diversity, where information is available on the range of child care and day care services available to staff, faculty, and fellows.

Nanny Network for BWH Faculty and Fellows

Are you seeking a good nanny? Do you know a wonderful nanny? Sign up to receive weekly email announcements at www.brighamandwomens.org/nannynetwork

BWH Backup Child Care Center

The BWH Backup Child Care Center provides emergency, backup child care to BWH employees, staff, faculty, and fellows with children between the ages of 8 weeks and 12 years in a safe, nurturing environment. The Center uses guidelines established by the [National Association for the Education of Young Children \(NAEYC\)](#) to determine developmental appropriateness for all levels of care provided. The center cannot care for children who are ill.

The times when your family may be in the need of backup child care include:

- When your child's caregiver is ill or on vacation
- When your child's day care center or school is closed
- When you have to work extra hours
- When there is a sudden termination in your child care arrangements or if you are searching for permanent arrangements
