Creating a Promotion Profile

Select ONE area of excellence representing the major area of contribution, achievement, and impact.

Distribution of Promotions and Appointments by Criteria AY 12-13

Areas of Excellence

Questions to Consider in Selecting an Area of Excellence

- How do I spend my time currently?
- What is the basis of my reputation?
- What is the focus of my scholarship?
- When I am invited to speak, what is the topic that I am asked to address?
- How does Department leadership see my role?
- How do I see my role?
- What is the part of my work that makes me tick?

Clinical Expertise & Innovation

- Clinical Activities crucial
 - Innovative approaches to diagnosis, treatment, prevention
 - Demonstrated expertise
 - CV section on Clinical Innovations
- Funding less important
- Scholarship
 - Peer-reviewed and non-peer reviewed
 - Research investigations
 - Clinical guidelines, reviews, chapters

Teaching and Education Leadership

- Local educational roles and recognition
 - Course/residency/fellowship leadership
- Scholarship can include syllabi, course curricula and electronic educational materials
 - Consider submitting to MedEdPortal for peer review
 - Scholarship in medical education/pedagogy at Associate Professor level
- Teaching awards and honors common not required
- May have funding to develop courses/programs.

Assistant Professor Metrics

- Emerging local leadership
- Local/regional reputation
 - Local committees
 - Local invited presentations
- First author scholarship

Associate Professor Metrics

- National reputation
 - Professional society roles
 - Invited presentations
 - Editorial boards
 - Referee letters
- Scholarship transitioning to senior author

Key CV Components

- Inclusive report of teaching – updated regularly
- Clinical Activities – Clinical Innovations

Clinical Innovations

- List innovations in clinical care which may include novel approaches to diagnosis, treatment or prevention of disease and development and application of technology to clinical care and development of models of care delivery.

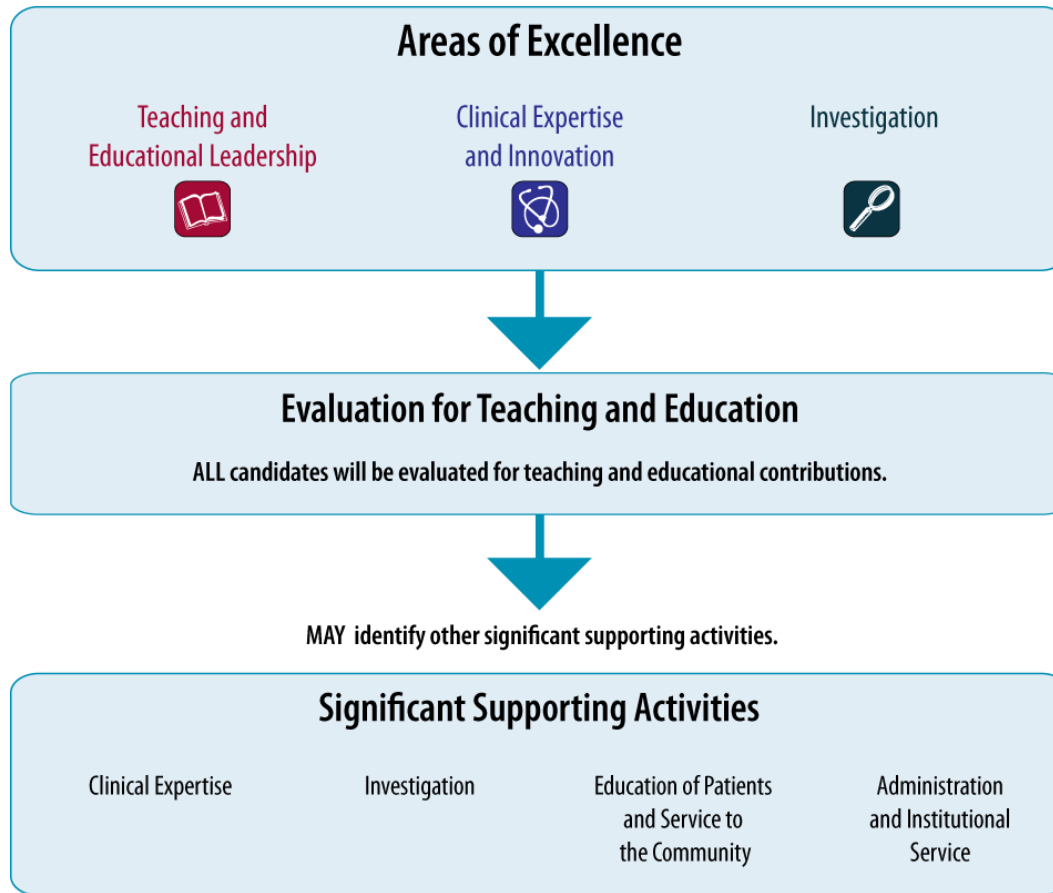

Name/location of clinical innovation (dates if applicable)	Describe the influence or potential influence of the innovation on clinical care or practice management, including how the innovation is used or has been implemented locally (at HMS), regionally, nationally or internationally; if developed as a member of a committee, describe your contribution (1-2 sentences)
--	--

Example:

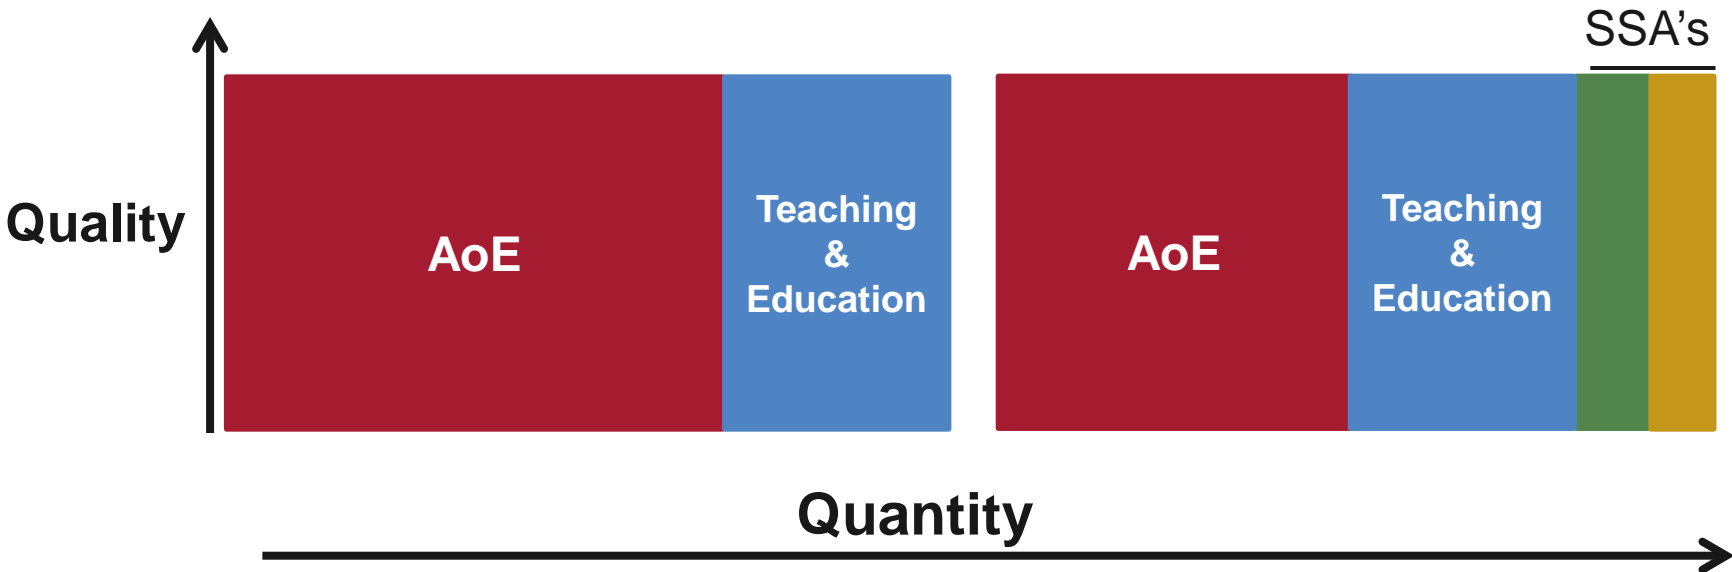

Electronic medical record (EMR) QA improvement system at Martha Elliot Health Center (2004):	This EMR modification has improved practice in 3 clinical areas (documenting patient allergies; confirming follow up on abnormal pap smears; scheduling childhood immunizations). These outcomes have been reported at the American Family Practice Society meeting and I have been invited to discuss this system with Harvard Pilgrim Health Care.

Faculty Ranks at HMS

- Instructor: “Promise”
- Assistant Professor: “Demonstrated Promise”
 - Reputation may be “within the walls” of HMS and the local community only
- Associate Professor: “Promise Realized”
 - Broader reputation outside the local area (usually national)
 - Significant accomplishments since promotion to assistant professor
 - Evidence of independence in role
- Professor: “Extraordinary Accomplishment”

Full-time HMS Faculty by Rank

Teaching and Education

- All faculty are evaluated for contributions to teaching at Harvard and its affiliates
- Specifically note teaching of Harvard medical, dental and graduate students
- Degree of contribution considered
- Educational activities are broadly defined
- Expected that all faculty will contribute to teaching
